

Body Clay

Clay is a gift from the earth. Since ancient times it has been used all over the world as a substitute for medicines, beauty, and cleaning. By taking advantage of clay's adsorptive properties, Body Clay was created as a skincare series focusing on domestically produced clay by selecting the most simplest, natural ingredients making it possible to maximize its power. We hope you integrate clay into your daily routine for a more natural and comfortable life.

Body Clay Lotion

Moist lotion with a film of clay(Japanese montmorillonite) Moisturizing ingredients such as four kinds of plant extracts and silk lead to fresh skin. In addition, the natural protective film of Nendo enhances the skin's barrier function and prevents moisture from evaporating. Lightweight, it can also be used for hair blow drying and scalp dryness care.- Can also be used for hair and scalp dryness care. Fragrance free.
